## EXPERIENCE (5y)

### Head of UX Design - West Pharma. Currently

Mar 2022 - now, Taipei (Taiwan) (2y2m)

- Managed UX and UI design of 3 products (1 mobile app, 2 web apps) and established design systems in partnership with engineering teams,
- Utilised data and analytics to inform design decisions and iterate on proposals,
- Facilitated impactful design workshops involving end users,
- Forged strong cross-functional relationship with Product, Client Support, Business Development and Marketing teams,

### UX Designer - Woo Network

Mar 2021 - Nov 2021, Taipei (Taiwan) (9m)

- Responsible for global user experience of WOO X mobile,
- Developed complete UX flows, edge cases and interaction details to showcase my design to PMs and other teams,
- Proposed and designed experience-centered solution based on user research and design assumptions: data-driven mindset,
- Communicated ideas to convey design concepts, strategies, and insights to both design and non-design stakeholders.

### Junior UX Designer - Human Design Group

Aug 2019 - Jan 2021, Paris (1y6m)

- Helped top french companies in improving their IHM system,
- Collaborated with engineers to gather product requirements,
- Analysed both qualitative and quantitative data from user research,
- Produced both low fidelity and high fidelity prototypes,
- Presented design solutions to key stakeholders and project managers,
